P.O. Box 551, Nassau, DE 19969

FROM: _____

Lot Number: _____

Street Address

Phone Number

1. Description of the proposed clearing, grading or construction of any building, fence, wall or other structure (or exterior addition, change or alteration):

2. Attached are complete and comprehensive plans and specifications showing the nature, kind, shape, height, materials, floor plans, exterior architectural scheme, location and placements on the lot, structure or other erection, the grading and landscaping of the lot to be built upon or improved, and such other information as may be necessary to determine the type, nature or scope of the proposed improvement as is reasonably necessary and location of the proposed structure, fence, etc.

3. The undersigned lot owner(s) submits this request pursuant to Article VII Restrictive and Protective Covenants of the Declaration of Covenants, Conditions and Restrictions of the Association.

Date

Signature of Lot Owner(s)

Date

Signature of Lot Owner(s)

Requests for Approval are reviewed pursuant to Article VII of the Declaration of Covenants, Conditions and Restrictions. The Architectural Control Committee does not consider the structural integrity of the proposed building, fence, etc., makes no representation, and takes responsibility for structural design. In addition, the lot owner is responsible for compliance with any and all applicable County ordinances and State laws.
